Welcome to May - National Historic Preservation Month!

As we celebrate this month, we invite our community to appreciate the architecture that surrounds us. Not every town is fortunate enough to have such intricate and architecturally captivating buildings.

You can find each of these architectural details scattered throughout downtown Astoria, specifically between Commercial and Exchange Streets, as well as 8th to 16th Streets.

Take a stroll downtown, discover each detail, and jot down the name or address of the building next to its corresponding number.

Those who successfully identify all 12 features will have a chance to win a gift basket!
